

“Supertankers”  
29 & 30 July 2006

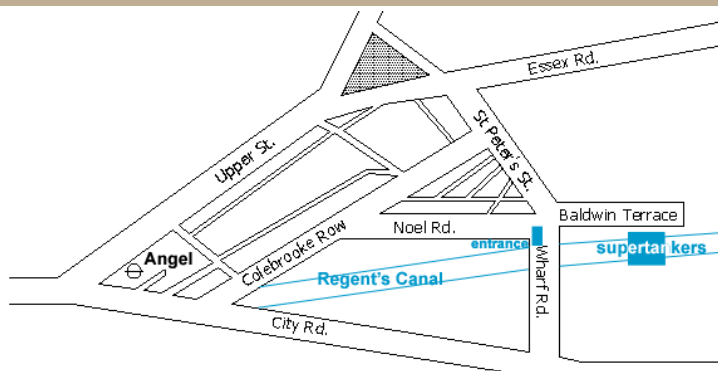

William Cruickshank

It's not about how improbable finding tankers and cargo ships moored in Regent's Canal - next to the green, the canal boats and geese.

It's also not about how improbable the size of the tankers, dwarfed by the neighbouring canal boats. Though at between 1 to 2 metres, the tankers are not so small as to be about the miniature. In fact, they're about the size of a person.

Even though it's not probable, it's possible.

On 29 and 30 July, we will be mooring William Cruickshank's scaled-down models of cargo ships on Regent's Canal, by the gallery in Islington. August art presents "Super tankers".

canal entrance for supertankers:  
gallery address:

Wharf Road at Noel Road  
Baldwin Terrace

AUGUST art

Please join us for drinks  
Sunday 30 July, from 3pm to 6pm

Map -- see overleaf  
Please bring this invitation for a complimentary wine, beer or soft drink at  
the neighbouring Narrowboat Pub
